

Incentives for Endowment Giving

“Local ownership has always been important to us. Knowing that Community Medical Center is something we all own makes it our hospital of choice for much of our family’s care. The Montana Endowment Tax Credit has allowed us to make bigger gifts to CMC Foundation than we could have any other way. You don’t have to have a lot of resources to make a significant, lasting difference.”

-Suzanne & Dave Peterson

Individuals who make a planned gift to a CMC Foundation permanent endowment can receive up to a \$10,000 Montana income tax credit. Certain businesses that make outright or planned gifts can also receive up to a \$10,000 credit.

For more information or for a no-obligation gift illustration, please contact Dorcie Dvarishkis, Director of Planned Giving and Major Gifts at CMC Foundation, 406-327-4149 or ddvarishkis@communitymed.org.

Give for the future of Community Medical Center,
your community-owned hospital.
