

WHAT IS THE RIGHT AGE FOR ADULTS TO BEGIN ESTATE PLANNING?

Join the Frank Craig Society and make a difference—now and in the future

It is important, whether you are a senior citizen or senior in college, to make your wishes known. In most states the only legal requirement for a valid will is that a person be age 18 or older. Wills can be updated at any time.

Naming a charity of your choice as a beneficiary of a 401(k), IRA, insurance policy or other retirement savings plan is a wonderful opportunity to leave a legacy!

Recently a Craig graduate told us “When I started my new job I was offered the opportunity to invest in a 401(k). My company, like many, offers a match, which makes this a great savings tool. I decided to make Craig Hospital Foundation one of the beneficiaries of my 401(k) because Craig gave me my life back.”

Naming a charity as the beneficiary of your 401(k), IRA or other retirement savings or insurance policy allows you to support Craig in the future, free of financial risk, today! This can be an attractive option for graduates of Craig as well as friends and family members who wish to give back. In addition, naming a charity the beneficiary of a retirement plan may be good tax planning. Beneficiary forms can often be completed online through your company or financial institution.

And, when you let us know that you have included Craig in your plans, you become a Frank Craig Society member now! There are also other ways to give and we encourage you to check them out on our new planned giving website.

Visit www.rrnew.com/craighospital to find out how easy it is to include Craig in your plans and become a part of the Frank Craig Society!
